

MU'AZ ARIEF BIN MOHAMAD ROM

COMPUTER SCIENCE STUDENT

Kajang, Selangor | 017-8972218 | zaumarief08@gmail.com | [Github](#) | [LinkedIn](#)

Computer Science student passionate about cybersecurity and leveraging AI to develop secure systems. Seeking a Cybersecurity Analyst internship to apply technical knowledge, problem-solving skills, and leadership experience. Proven leader in multiple Head of Department roles, with hands-on experience building secure and AI-powered applications.

EDUCATION

Bachelor of Computer Science (Information Systems)

Oct 2024 - Now

- Faculty of Computer Science and Information Technologies in University Malaya
- CGPA : 3.21
- Relevant Modules: Operating Systems, Data Structures, Information Retrieval, Algorithm Design and Analysis, Network Technology Foundation, Machine Learning

TECHNICAL SKILLS

Tools & Technologies

- Git/Github
- Linux (Introductory)
- Excel
- Figma

Programming & Frameworks

- Python
- HTML
- React
- Java
- SQLite

AI & Prompting

- Prompt Engineering
- API Integration
- LangGraph
- AI-assisted Development and Analysis

Cybersecurity

- Network (Introductory)
- Secure Authentication
- Password Encryption

Soft Skills

- Leadership
- Team Collaboration
- Problem-Solving
- Complex Thinking

PROJECTS & ACADEMIC EXPERIENCE

Noctua – AI-Driven Personal Assistant & Life Management Dashboard

- Developing a full-stack AI application featuring natural language journaling, proactive data tracking, and intelligent goal planning
- Integrated the concept of LangGraph and prompt engineering for contextual AI workflows.
- Built with React, Tailwind CSS, Python, SQLite, API Integration, and secure login system.

Archive (ongoing) – AI-Native Unified File System & Hybrid Search Engine

- Building an intelligent file system that combines local storage with web intelligence for hyper-personalized information retrieval.
- Utilizes vector databases, search APIs, and Noctua context while considering data privacy and access control.
- Tech: React/Electron, Python, Tailwind CSS, ChromaDB/Milvus, Brave/Perplexity API.

VISSCO – Web-Based Attendance Management System

- Created a functional attendance system for students and lecturers (Pre-University Innovation Competition).
- Implemented CRUD operations, basic login, and password encryption.

LEADERSHIP & ACTIVITIES

Vice Secretary, Warisan Run

May 2026

- Handled administrative tasks like documenting, planning and resolving internal problems involving 260 participants and 48 committee.

Head of Department & Scenographer, Pentaz Production

April 2025, April 2026

- Designed and led the development of full stage sets and props for Karnival Teater Universiti Malaya for two consecutive years.
- Managed production budget and team coordination, successfully delivering satisfactory theatrical productions gaining acknowledgements from the panel of jury.

Head of Logistics & Technical, Jelajah Nusantara International Mobility Programme **Nov 2025**

- Successfully led technical and logistics operations for the university's international mobility programme to Indonesia, ensuring smooth execution for all participants.
- Coordinated equipment, transportation, and technical requirements across international borders.
- learnt more on team-coordination, team-based project and project planning as a whole.

Head of Department, Minggu Haluan Siswa KK10 **Oct 2025**

- Managed technical setup and equipment for university orientation programme serving 300 new students and 50 committee members.
- Ensured seamless execution of technical operations, contributing to the smooth onboarding of new students.

Assistant, Perisian Huda Sdn Bhd **April 2023**

- Assisted in collecting natural data for the purpose of machine learning and developing software for an app called "Mushafi".
- Being a part of Beta tester of the app and providing users feedback that directly helps the project.
- Learnt and developed workplace conduct and professionalisme of proper working lifestyle.

ADDITIONAL INFORMATION

- **Language** : Malay (Native), English (Fluent)
- **Certifications / Awards** : Pitram silver award
- **Reference** : Dr. Abdul Rahman - Perisian Huda (+60 11-2305 4229),
Encik Md Khairul Azwan bin Md Razali - Universiti Malaya (+60 13-264 8840)
- **Internships Period** : July 2026 - Jan 2026 (minimum of 6 months)
